BLADEFISH™ SEA JETS UNDERWATER PERSONAL PROPULSION JET

The high tech Lithium-Ion powered Bladefish looks like a jet engine and generates much more power than comparable previous generation lead acid propulsion devices. Unlike them, it can be recharged in a fraction of the time and can be easily stowed in luggage. They are much smaller than their leaden predecessors and are highly maneuverable and compact.

- Redefining The Dive Propulsion Vehicle Market!!
- Lithium-Ion power makes all the difference!
- Travel Market now OPEN
Flying to an Island Getaway???
- At 9-10 pounds put it in your luggage and "Check-It!"
- Sealed Rechargeable 18V Lithium-Ion Battery
- Designed for "Life of the Bladefish"
- No need for expensive battery replacements!

BladeFish™ 3000
The 3000 series Bladefish weighs only 9.2 pounds (battery included) and is less than 1/2 the weight of competitive DPV's. See chart for depth ratings, dimensions and performance specifications. Each bladefish includes battery charger and storage / backpack bag.

BladeFish™ 3000... DPV003

BladeFish™ 5000
The 5000 series Bladefish weighs only 10.2 pounds (battery included!) and is less than 1/3 the weight of competitive DPV's! See chart for depth ratings, dimensions and performance specifications. Each BladeFish includes battery charger and storage / backpack bag.

BladeFish™ 5000... DPV005

Storage Bag / Backpack Included

Unit Specifications

	3000	5000
Battery	Lithium Ion 18V	Lithium Ion 18V (duo)
Power Rating	200 Watts	240 Watts
Motor	18V	18V
RPM (max)	500	550
No. of Speeds	single	three speed
Speed Rating	3 mph	3.75 mph
Depth Rating	100 ft.	130 ft. **
Run Time (approx.)	40 mins	70-120 mins
Weight (with battery)	9.2 lbs.	10.2 lbs.
Dimensions	diameter: 15 in. / width: 5 1/2 in.	
Buoyancy	Neutral	Near Neutral
Additional Features	Computer controlled circuitry, double seals, battery life meter	
Storage Bag	Included	Included
Soft Grip Handles	Yes	Yes

Charger Specifications

Charger Type	Fast	Fast
Charging Time	2 hrs	4 hrs
"Ready to Go" charge	1 hr	2 hrs

** Tested to 160 feet but rated at 130' to be within recreational diving limits.
